Project Description

UI/UX Designer Needed for Kids' Reading App & Website (First Few Pages Only – No Coding)
Project Overview:
I am looking for a talented UI/UX designer to redesign the first few pages of my kids' reading app and website. The app and website are already developed, but I am not happy with the design of the following pages:

Home
About
Contact
Login
Language Selection
This project is strictly design-focused—I do not need any coding. The final designs should be delivered in Figma, Adobe XD, or another standard design tool.

What I'm Looking For:
✅ A fresh, modern, and kid-friendly design.
✅ A simple, intuitive, and engaging user interface.
✅ Consistent with the theme of a digital library for kids.
✅ A clean and professional layout that appeals to both children and parents.

Deliverables:
🎨 High-quality UI/UX design for the specified pages.
📁 Design files (Figma, Adobe XD, or similar).
📌 Any necessary design explanations or notes.

Ideal Candidate:
👨‍🎨 Experience in designing websites and apps for children.
🎨 Strong portfolio in UI/UX design.
📚 Understanding of kids' reading or educational apps (a plus).
💬 Good communication and ability to incorporate feedback.

If you're interested, please send me:
1️⃣ Your portfolio or relevant design samples.
2️⃣ Your estimated timeline for the project.
3️⃣ Your pricing.

Looking forward to working with a creative designer! 🚀-

Hi there,

I'm excited about the opportunity to work on your UI/UX project. With over 4 years of experience designing intuitive and user-centered interfaces for web and mobile apps, I specialize in transforming complex ideas into clean, engaging designs.

I've led projects across fintech, e-learning, and productivity tools, using tools like Figma, Adobe XD, and Framer. I'll start by understanding your users and business goals, wireframing key flows, and delivering responsive designs that align with your brand. I'm also happy to iterate based on user feedback or stakeholder input.

Let's build something beautiful and functional together.

Looking forward to hearing more about your vision!

Best,

Project Description

UI/UX Designer Needed for Kids' Reading App & Website (First Few Pages Only – No Coding)
Project Overview:
I am looking for a talented UI/UX designer to redesign the first few pages of my kids' reading app and website. The app and website are already developed, but I am not happy with the design of the following pages:

This project is strictly design-focused—I do not need any coding. The final designs should be delivered in Figma, Adobe XD, or another standard design tool.

What I'm Looking For:
✅ A fresh, modern, and kid-friendly design.
✅ A simple, intuitive, and engaging user interface.
✅ Consistent with the theme of a digital library for kids.
✅ A clean and professional layout that appeals to both children and parents.

Deliverables:
🎨 High-quality UI/UX design for the specified pages.
📁 Design files (Figma, Adobe XD, or similar).
📌 Any necessary design explanations or notes.

Ideal Candidate:
👨‍🎨 Experience in designing websites and apps for children.
🎨 Strong portfolio in UI/UX design.
📚 Understanding of kids' reading or educational apps (a plus).
💬 Good communication and ability to incorporate feedback.

If you're interested, please send me:
1️⃣ Your portfolio or relevant design samples.
2️⃣ Your estimated timeline for the project.
3️⃣ Your pricing.

Looking forward to working with a creative designer! 🚀-
